29th January, 2015

Dear Parents / Guardians,

- This year the school is taking part in an Active Flag program to promote health & fitness among all our pupils. See the back of this letter for more details.
- 'Science Ireland' will be visiting the school on **Thursday, February 12th** to do some science workshops with pupils in all classes.
- The Board of Management would like to sincerely thank all families who have given the €100 annual contribution to school funds. Any family who has not made the contribution can do so anytime between now and the Easter Holidays.
- The Parents Association have organised speakers to visit the school on **Wednesday, February 25th** to do some workshops with the pupils in relation to Bullying and Cyber bullying. These workshops will be highly interactive with role play exercises and an audio-visual presentation.
- We will be adding on a new classroom and P.E. Hall to our school in the coming months. The Department of Education have given us a grant to build the classroom but we need to fundraise to build the new P.E. Hall.
As a fundraiser the Parents' Association have organised 'A Night at the Dogs' in Galway on **Friday, March 27th**. They will be sending a letter to all parents in the next couple of weeks with details about the event and how parents can help out with the sale of tickets.
